

My perfect day

Saturday is the best day because I get up at ten o'clock.

Then I watch animés. At midday I eat chicken with my family. In the afternoon I do my homework and then I go out with my friends. We play football and at four o'clock I go home. In the evening we always eat toast and play games together. Then I play computer games with my friends.

At then o'clock I watch Tik tok one hour and then I go to bed.

A perfect day

On a beautiful winter day Sara woke up and realized it was her birthday. She was happy because finally she was thirteen years old. She got out of her bed and went to the kitchen for breakfast. Her mother made pancakes for her because it was her favourite food. She ate her breakfast and after that Sara got up and went back to her room. In her room she took her favourite dress and put it on.

Suddenly her mum called her "Sara please hurry up we have to get to the cinema for your birthday party!" When Sara arrived, she saw that all her friends came to her birthday party, and she was very excited. At

the cinema they watched Vaiana and after that they ate the birthday cake.

Back at home Sara opened her birthday presents. In one of the present boxes there was a big teddy. Then she said, "Yay! This is the biggest teddy that I ever had!"

The perfect day

At seven o'clock in the morning the sun woke me up. I already smelled the pancakes that my mother made in the kitchen.

After the breakfast I was a little bit bored and didn't know what to do. Then my mom came and reminded me of the voucher for the basketball shoes. I thought that was a good idea. We decided to go to a big shopping mall. But at that moment it started to rain terribly. Nevertheless, we left our home and drove to the mall. When we arrived at the basketball shop there was a big crowd of people. "Oh no!", I said and looked disappointed. I was afraid that my mom wanted to go home again. She wanted to leave. But then suddenly I saw a man in the shop that seemed very familiar to me. I was my favourite basketball player in the NBA! He signed carts and balls for the people.

My mom allowed me to stay for an autograph. On my new basketball shoes. Finally, I bought the shoes and my big star signed it.

That was a perfect day!

A Perfect Day

For me a perfect day looks like this:

I get up at 9 o'clock. I eat my breakfast at 10 o'clock and after it, I go for a walk in the park. I walk around 30 to 40 minutes. Maybe I meet some friends. Then I go home and read some classic books like Shakespeare or Freud. After that it is lunchtime. I eat a sandwich with a salad. I drink a glass of water after lunch.

Then I go to play table tennis, this is my favourite sport. My father plays some good matches with me. I go home and do my homework. After that I play some computer games. After that we have got dinner. For dinner we go to restaurant. I love Italian restaurants, but Mediterranean restaurants are my favourite ones. I order an orange juice and a cod file. We go home at 10 pm. I watch a bit of TV and go to bed. That is my favourite day.

The perfect day

It was a perfect Saturday morning when I called my best friends Patrik and Teo to go to the park. We found many friends and played hide and seek with them. After two hours we were so tired, that we had to rest below some trees,

we lay down for twenty minutes. When we woke up, Teo had great idea. He said, "Let's go to my house, perhaps you can stay for the night". We went to Teo's house and spent about one hour. There Teo's mum allowed us to stay for the night. We played computer games until midnight and went to the bed. In the morning, we ate cereal, and spoke about what we could do today.

We agreed to go to flip-lab. We travelled by car. In the trampoline centre we had a lot of fun and so ends the perfect day.

The perfect day

One Sunday I woke up at 8 o'clock and washed my teeth. Then I ate breakfast and didn't fight with my mom or brother. I asked her: What can I do mom. She answered: You can do whatever you want.

At this moment I started to do all things I wanted to do. I ate pizza, McDonald's, and cake. I experimented and did explosions. I saw a man who didn't have money. I asked my mom if we could give him money. All was perfect and he was happy because she said yes. We went home and I played PlayStation. Then I ate dinner. It was very tasty.

At twelve p.m. I went to bed and fell asleep.

KRISTIJAN LUKIC

Yesterday I woke up at 7.a.m., then I took a shower and after I did my morning routine. First, I took my cup and filled it with some tea and drank it. I was very surprised because the same tea that I drank every day tasted very good.

After breakfast I left the house and went by my bicycle to the park. At the park I met my friends and we had good luck because we found 5 euros on the ground, so we decided to buy some ice cream for the money. At 3 p.m. I arrived at home and my mom made me a delicious cake. After I ate my cake, I did my homework and read a book about Physics and Maths.

At 7.pm.I watched a movie with my parents and my cousin. After the movie I got ready for bed, and at 10.p.m. I already slept because I was very exhausted. I was very satisfied because this day was very interesting and exciting.

THE REPORT ABOUT THE PERFECT DAY

Suddenly Sophie's cat Molly ran up to her and hid behind the blanket, running behind her was Mia, Sophie's little sister. "Oh no, I was going to let you sleep on your birthday." Mia made a sad face and wanted to go out of the room, but Sophie held her by the arm: "I am not angry with you." Mia smiled again and hugged her sister, "Mom told you to get dressed and do your hair.", Mia said out loud. When that was done and Sophie was ready to go to the kitchen, she was startled to see a person at the table that Sophie didn't like. It was Luna, the chief reporter of the school newspaper. When Luna saw her, Sophie and Luna said, "What is she doing here?" almost at the same time. Then Sophie's mother took the floor. Luna should make a photo album out of your surprise. So, first, happy birthday and your surprise is a day at the horse farm, I have chosen a white mare for you. And we're leaving right away, I want you to get along, I picked Luna so you can finally get along with her, you were best friends before. Sophie, your clothes are already baked. When they got there, it smelled like horses and when Sophie and Luna got out of the car, her mother said goodbye to Sophie and said, "Have fun!". Then a young man about the same age as Luna and Sophie ran up to them and shouted, "Lucy's gone, Lucy's gone!". Luna touched him on the shoulders and shouted, "It's going to be okay; it's going to be okay." And then he calmed. Suddenly a white horse ran past them, "that's her," the man whispered. Sophie saw a bike and didn't think, she swung on it and followed the horse, then she stopped, Sophie put the bike on the ground and went to the horse, when it saw Sophie, it did nothing. When Sophie grabbed Lucy by the reins, she took off running again, but Sophie didn't give up and ran after her sweating, Lucy was out of sight, Sophie was so oblivious she thought she had a connection, but she must have been mistaken. She fell on the gravel path and passed out. When she woke up again, only a few minutes had passed, but she was no longer on the gravel path, but on the back of a horse. It was Lucy! When they arrived at the horse farm, Luna helped Sophie off the horse's back and hugged her, "I was so worried!". I thought you hated me.", Sophie said sadly. "I never hated you, I've just been under a lot of stress lately and didn't want to let my best friend down, forgive me, but before you say anything, I thought you and Lucy would be perfect for the album." Of course, Sophie forgave Luna and apologized for it too. The album featured Sophie, Lucy, Luna, Mark (the young man) and lots of horses, so she was able to capture a bumpy but perfect day.

The day the animals took over

A very large and dangerous shark lived in the sea and many people swam there. One day a woman swam there as well, and she didn't know that there was a shark. It was in the night, the shark came closer, the woman didn't see it and the animal suddenly ate her.

It was very dramatic and also the police started to investigate. Two days later the police officer Brody was on a boat trip with his friend Quint to look for the shark. They found the shark and it almost killed them, but they escaped in time. Some days later the three friends, Brody, Quint and Hooper came again and this time they took with them a harpoon and a cage to catch the shark.

Unfortunately, the shark managed to tear the cage apart with his teeth's. Quint took the harpoon and tried to shoot the shark. The big animal swam against the boat and wobbled it badly. Brody's finally managed to hit the shark with the harpoon, but the shark still was able to swim. Again, the animal turned and swam against the boat. Quint threw with the harpoon and hit the shark's back. Because the boat wobbled so badly Hooper, Brody's other friend who was on the boat as well, fell off the boat and directly into the shark's mouth. There was blood everywhere. The boat was badly damaged, and they had to hurry. With a final attempt, Quint hit the shark with the harpoon in the head and the shark finally died.

As the boat was almost sinking, the two drove quickly home, very shocked but also satisfied that they have managed to kill the dangerous shark.

The day the animals took over

In the 1400 century there was a king of animals. He had everything he wanted but couldn't win the humans. They were too strong and had weapons. The people killed the chickens the pigs for food, but what did the animals do in the first place? The king roared with anger. But one day he dreamed a dream.

He saw that everyone was bowing to him. The humans worked for the animals and the animals played in the garden. The king was very happy and ran to the other.

4 hours later suddenly struck him something and said, "This all a dream I must open my eyes" Finally he could open his eyes and saw the opposite in his dream. The king said his last word "Sometimes the future will change"

The day the animals took over

One day when I was babysitting Radu, I heard on the news that, the police had found thousands of animals on the streets. That meant no good.

I got scared and decided not to go out with Radu. I was very shocked and called his mother. But she didn't answer. I didn't know what to do so I put him on the sofa and gave him something to watch. At one moment I heard a big loud scream. When I wanted to check what it was. Radu started crying. I came back running to him and gave him his food. A few Minutes later we heard an ELAPHANT. I immediately went to check the news and what I saw shook me. The whole city was full of animals. I ran to the window, and I saw an elephant in front of Radu's house. Radu went to me and just laughed.

But the elephant saw us through the window. He ran to us and crashed in the window. But then I opened my eyes and was in my bed. It was just a dream.

The day the animals took over

On a Monday morning the animals of the houstelwood had a good idea. They wanted to rescue the animals of all the zoos from the world and pets. They send the birds to all the continents because they needed help from wild animals. Then they flew away. Many foxes came to the zoos, and they stole the key from the guard. A lot of foxes and the other wild animals opened all cages. All animals ran away. The humans were very scared. The animals were learning, how to speak. They went to the children and said: "That's not good, what you do. You and the other people pollute the environment. We need a place for us, please stop the construction from new houses." The kids answered: "Yes we will demonstrate. We will help you. Then the kids went demonstrate and the adults understood that it was wrong what they had done. Then all people stopped the construction workers. Now the animals were happy and lived together with the humans in peace.
