

Our pizza event

The pizza event was cool. Daniela and Mathilda were the chefs and Nora was the waitress. When the guests came, the waitress showed them their table. They sat down and ordered their drinks. The chefs made the pizza and Nora brought it to the guests. We ate brownies for dessert. Lena brought orange juice and Nora brought tomatoes.

It was so much fun! The pizza was very good.

OUR PIZZA RESTAURANT

Our pizzas were very good. It was surely the best restaurant in the world. On our menu were a "veggi pizza", a "raibow pizza", a "singa sanga pizza", a "cheese-corn pizza", a "pink panther pizza" and a "pizza world". The name of our restaurant was "the best restaurant in world". It was great and we had a lot of fun. It was a lot of work after the meal. We had orange, apple and raspberry juice to drink. We had brownies for dessert. In our group were: Mathilda, Daniela, Nora, Mia, Leonie and Lena. It was very cool that nobody forgot his food. We had enough time for all the things.

Our Pizza Event

Our class had a pizza event. Everyone took things from home for our pizza event. We ordered pizza Margarita from the pizzeria Larenta. We put corn, ham and a lot of other things on our pizza. The pizza was very good and we all enjoyed it. There were four groups. That was a great event.

Our pizza event

Our pizza event was very nice. Everybody brought something to put on our pizza. In our group, João brought the tablecloth, Felix and Jakob brought some apple juice, Bernhard brought some ham and Niklas brought some orange juice. Bernhard was the waiter and Felix was the chef. My favourite pizza was the pizza with ham, corn, tomatoes, and garlic. I ate the pizza with ham. I had some apple juice to drink. We all had fun, and it was great.
